Research Profile (pdf)
ResearcherID: D-2085-2012
ORCID: 0000-0003-0083-6273

Research interests:

- Nanofabrication Techniques: Nanoimprint lithography; anodization
- Photonic Structures and Devices
- Organic Thin Film Devices
- Magnetism and Spintronics

Teaching Subjects:

- AP10005 – Physics I
- AP10006 – Physics II
- AP30001 – Applied Acoustics
- AP440 – Projects
