About Scopus Author Identifier

The Scopus Author Identifier assigns a unique number to groups of documents written by the same author via an algorithm that matches authorship based on a certain criteria. If a document cannot be confidently matched with an author identifier, it is grouped separately. In this case, you may see more than one entry for the same author. ✕

Contour integral equation and vector fitting based adaptive frequency sampling for fast wide-band analysis of power ground plane pair	Zhao, H., Liu, E.-X., Li, E.-P.	2015	2013 Asia-Pacific Symposium on Electromagnetic Compatibility, APEMC 2013 7360632	0
---	---------------------------------	------	---	---

The Author Feedback Wizard will be going through maintenance on Wednesday, January 24th, from 10:00am to about 2:00pm Eastern U.S. time.

During these hours Scopus will not be able to accept author correction requests and no corrections will take place. We apologize for the inconvenience.
