Abraham, John

 Purdue University, School of Mechanical
Engineering, West Lafayette, United States

Author ID: 35561752300

[About Scopus Author Identifier](#) | [View potential author matches](#)

Other name formats: Abraham, J.

Documents: 158

Citations: 2830 total citations by 1836 documents

h-index: 30

Co-authors: 62

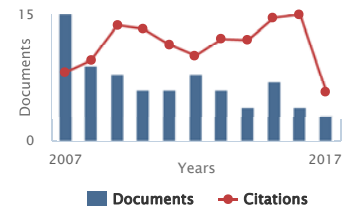

Subject area: Engineering , Energy [View More](#)[Analyze author output](#)[View citation overview](#)[View *h*-graph](#)

Turbulent Flame Speed Dependencies in Lean Methane-Air Mixtures under Engine Relevant Conditions	Wang, Z., Magi, V., Abraham, J.	2017	Combustion and Flame	0
View at Publisher Find it				
Multidimensional simulations of non-reacting and reacting diesel and biodiesel sprays	Cai, G., Abraham, J.	2017	Energy	0
View at Publisher Find it				
Effects of equivalence ratio variations on turbulent flame speed in lean methane/air mixtures under lean-burn natural gas engine operating conditions	Wang, Z., Motheau, E., Abraham, J.	2017	Proceedings of the Combustion Institute	1
View at Publisher Find it				
A high-order numerical algorithm for DNS of low-Mach-number reactive flows with detailed chemistry and quasi-spectral accuracy	Motheau, E., Abraham, J.	2016	Journal of Computational Physics	2
View at Publisher Find it				
On formulating a simplified soot model for diesel and biodiesel combustion	Cai, G., Yen, M., Abraham, J.	2016	Chemical Engineering Science	1
View at Publisher Find it				
A numerical study of laminar flames propagating in stratified mixtures	Zhang, J., Abraham, J.	2016	Combustion and Flame	1
View at Publisher Find it				
Are "2D DNS" results of turbulent fuel/air mixing layers useful for assessing subgrid-scale models?	Ameen, M.M., Abraham, J.	2016	Numerical Heat Transfer; Part A: Applications	1
View at Publisher Find it				
An evaluation of the assumptions of the flamelet model for diesel combustion modeling	Ameen, M.M., Magi, V., Abraham, J.	2015	Chemical Engineering Science	1
View at Publisher Find it				
A priori evaluation of subgrid-scale combustion models for diesel engine applications	Ameen, M.M., Abraham, J.	2015	Fuel	0
View at Publisher Find it				
Evaluation of scalar dissipation rate sub-models for modeling unsteady reacting jets in engines	Ameen, M.M., Abraham, J.	2015	Chemical Engineering Science	1
View at Publisher Find it				
Applying contact angle to a two-dimensional multiphase smoothed particle hydrodynamics model	Farrokhpahan, A., Samareh, B., Mostaghimi, J., Abraham, J.	2015	Journal of Fluids Engineering, Transactions of the ASME	5
View at Publisher Find it

Author History

Publication range: 1985 - Present

References: **2458**

Source history:

ASPACC 2015 - 10th Asia-Pacific Conference on

Combustion

[Atomization and Sprays](#)[Journal of Fluids Engineering, Transactions of the ASME](#)[View More](#)[Show Related Affiliations](#)

Critical observations on the modeling of nonreacting and reacting diesel sprays	Abraham, J.	2015	Proceedings of the Institution of Mechanical Engineers, Part D: Journal of Automobile Engineering	4
View at Publisher Find it NTU				
Numerical simulations of turbulent premixed flames in lean methane/air mixtures	Wang, Z., Abraham, J.	2015	ASPACC 2015 - 10th Asia-Pacific Conference on Combustion	0
Find it NTU				
Fundamental physics of flame development in an autoigniting dual fuel mixture	Wang, Z., Abraham, J.	2015	Proceedings of the Combustion Institute	4
View at Publisher Find it NTU				
RANS and les study of lift-off physics in reacting diesel jets	Ameen, M.M., Abraham, J.	2014	SAE Technical Papers	5
View at Publisher Find it NTU				
Application of computational fluid dynamics (CFD) in teaching internal combustion engines	Tian, Z.F., Abraham, J.	2014	International Journal of Mechanical Engineering Education	2
View at Publisher Find it NTU				
Toward developing simplified models for diesel/biodiesel engine pollutant emissions	Cai, G., Abraham, J.	2014	Proceedings of the 2014 9th IEEE Conference on Industrial Electronics and Applications, ICIEA 2014	0
View at Publisher Find it NTU				
Computations of soot and NO in lifted flames under diesel conditions	Yen, M., Abraham, J.	2014	SAE Technical Papers	0
View at Publisher Find it NTU				
Influence of turbulence on autoignition in stratified mixtures under compression ignition engine conditions	Mukhopadhyay, S., Abraham, J.	2013	Proceedings of the Institution of Mechanical Engineers, Part D: Journal of Automobile Engineering	2
View at Publisher Find it NTU				
Evaluation of an unsteady flamelet progress variable model for autoignition and flame lift-off in diesel jets	Bajaj, C., Ameen, M., Abraham, J.	2013	Combustion Science and Technology	38
View at Publisher Find it NTU
