

Stephen Elliott

Professor Steve Elliott is a Professor at the ISVR, in Engineering and Physical Sciences at the University of Southampton.

He graduated with joint honours in physics and electronics from the University of London in 1976 and in 1979 was awarded a Ph.D. from the University of Surrey for a thesis on musical acoustics. After his appointment as a lecturer at the Institute of Sound and Vibration Research (ISVR) in 1982, he was made senior lecturer in 1988 and Professor of Adaptive Systems in 1994.

He served as Director of the ISVR from 2005 to 2010.

Professor Elliott has published over 250 papers in refereed journals and 600 conference papers and is co-author of Active Control of Sound (with P A Nelson 1992), Active Control of Vibration (with C R Fuller and P A Nelson 1996) and author of Signal Processing for Active Control (2001).

He was made a Fellow of the Royal Academy of Engineering in 2009.
