

Humberto Henao

Department of Electrical Engineering, University of Picardie "Jules Verne", 80039 Amiens Cedex 1, France

Humberto Henao (M'95-SM'05) received the M.Sc. degree in electrical engineering from the Technical University of Pereira, Pereira, Colombia, in 1983, the M.Sc. degree in power system planning from Universidad de los Andes, Bogota, Colombia, in 1986, and the Ph.D. degree in electrical engineering from Institut Polytechnique de Grenoble, Grenoble, France, in 1990. From 1987 to 1994, he was a consultant for companies such as Schneider Industries and GEC Alstom in the Modelling and Control Systems Laboratory (MCSL), Mediterranean Institute of Technology, Marseille, France. In 1994, he joined the Ecole Supérieure d'Ingénieurs en Electrotechnique et Electronique, Amiens, France, as an Associate Professor. (SOCRATES). He also leads the research activities in the field of condition monitoring and diagnosis for power electrical engineering. His main research interests are modelling, simulation, monitoring, and diagnosis of electrical machines and electrical drives. In 1995, he joined the Department of Electrical Engineering, University of Picardie "Jules Verne", Amiens, France, as an Associate Professor. He has been Full Professor in the same University since 2010. He is currently the department representative for international programs and exchanges.
