Department of Electrical Engineering, Katholieke Universiteit Leuven, Leuven, Belgium

Kristin De Meyer (S'73–M'79–SM'00–F'11) received the Ph.D. degree from the Katholieke Universiteit Leuven, Leuven, Belgium, in 1979.

She is currently the Director of Doctoral Research and was a Coordinator of several EEC projects with imec, Leuven. She has co-authored over 500 publications.
